

Jonas Esdaile Aabel

I've worked with Jonas on concepts & presentations for almost 10 years in Oslo, He is an extremely talented Designer, Sketches and Draws like M Angelo and almost untouchable with his 3D Computer Skills, works fast hard and long, fluent in English, humorous, easy and enjoyable company.

Jonas now feels it time again to spread his wings, I agree, but it wont be easy to replace him.

A total asset to any creative group, as a team member or freelance cosultant.
